

Curriculum Vitae

Mark Voorneveld
Department of Economics
Stockholm School of Economics
Box 6501
113 83 Stockholm
Sweden
+46-8-736 9217 (tel)
+46-8-31 32 07 (fax)
Mark.Voorneveld@hhs.se

Personal particulars

Name : Voorneveld
First name : Mark
Date of birth : October 25, 1973
Place of birth : Utrecht, The Netherlands
Sex : Male
Nationality : Dutch, permanent residence permit in Sweden
Marital status : Married, two children (Swedish citizens)

Professional experience

September 2003 — present	Associate professor, Stockholm School of Economics (tenured)
September 2010 — present	Extramural Fellow, CentER, Tilburg University.
September 2003 — April 2010	Associate professor, Stockholm School of Economics (tenured) and Tilburg University.
May 2003 — August 2003	Visiting researcher, Växjö University.
May 2001 — April 2003	Marie Curie Research Fellow, Department of Economics, Stockholm School of Economics.
August 1999 — April 2001	Researcher, Department of Econometrics and CentER, Tilburg University.
August 1999 — April 2001	Assistant professor in mathematics, Department of Mathematics, Utrecht University.
Sept 1996 — Dec 1999	Ph.D. student, CentER Graduate School, Tilburg University.
Sept 1994 — Aug 1996	Research and teaching assistant, Department of Econometrics, Tilburg University.

Academic education

- Sept 1996 — Dec 1999 Ph.D. degree (*cum laude*) in economics and game theory, Tilburg University. Thesis: “Potential Games and Interactive Decisions with Multiple Criteria”, supervised by professors Stef Tijs and Peter Borm.
- Sept 1992 — Aug 1996 Master’s degree (*cum laude*) in mathematical economics and game theory, Tilburg University. Thesis: “Strategic Games and Potentials”, supervised by professors Stef Tijs and Peter Borm.

Grants and Prizes

SSE MSc teacher of the year, 2017.

Stockholm School of Economics Corporate Partners Research Prize, 2013.

Research grant (VIDI) from the Netherlands Organization for Scientific Research (NWO), May 2004 – April 2009.

Research grant from Jan Wallanders and Tom Hedelius Stiftelse, September 2003 – August 2005, September 2006 – August 2008, September 2008 – August 2011, September 2011 – August 2016, September 2016 – August 2019.

SNS Bank Prize for the best Ph.D. dissertation at CentER and Tilburg University.

Marie Curie Research Fellowship (MCFI-2000-00174) from the European Community for my research project ‘Decision Procedures of Interacting Organizations’.

Research grant 613-304-051 from the Dutch Mathematics Research Foundation, part of the Netherlands Organization for Scientific Research (NWO), for my Ph.D. project.

Gratification for excellence in teaching, academic year 1999 – 2000.

Main research interests

Game theory

Microeconomic theory

Decision theory and bounded rationality

Organizational experience

- Sept 2008 — Dec 2011 Coordinator departmental seminar, Stockholm School of Economics
- Jan 1998 — April 2001 Coordinator of research and reading groups on
(a) bounded rationality,
(b) economics and language.
- Sept 1996 — Feb 1999 Coordinator of the game theory seminars at Tilburg University.

Teaching experience

- Lecturing on:
- microeconomic theory and mathematical economics
 - industrial organization
 - game theory
 - statistical decision theory/decision making under uncertainty
 - mathematics

- Tutorials on:
- the areas above

Papers published/accepted for publication

1. JONSSON, A., AND VOORNEVELD, M. (2018): “The limit of discounted utilitarianism”, *Theoretical Economics* 13, 19–37.
2. VOORNEVELD, M. (2017): “An elementary direct proof that the Knaster-Kuratowski-Mazurkiewicz lemma implies Sperner’s lemma”, *Economics Letters* 158, 1–2.
3. ASHEIM G.B., VOORNEVELD M., AND WEIBULL J.W. (2016): “Epistemically robust strategy subsets.”, *Games* 7, 37, doi:10.3390/g7040037
4. VOORNEVELD, M., AND WEIBULL, J. W. (2016): “An elementary proof that well-behaved utility functions exist”, *Theoretical Economics Letters* 6, 450–457.
5. PETRI, H., AND VOORNEVELD, M. (2016): “Characterizing lexicographic preferences”, *Journal of Mathematical Economics* 63, 54–61.
6. JONSSON, A., AND VOORNEVELD, M. (2015): “Utilitarianism on infinite utility streams: summable differences and finite averages”, *Economic Theory Bulletin* 3, 19–31.

PhD dissertation

VOORNEVELD M. (1999): *Potential Games and Interactive Decisions with Multiple Criteria*, CentER Dissertation Series 61, Tilburg, The Netherlands.

Working papers

The following working papers were submitted for publication in international journals.

1. PETRI, H., AND VOORNEVELD, M. (2016): “No bullying! A childlike proof of the Brouwer fixed-point theorem”, SSE Working Paper Series in Economics, No. 2016:3.

Memberships

Econometric Society, Game Theory Society, American Mathematical Society

Recent refereeing activities

American Economic Review, Journal of Economic Theory, Games and Economic Behavior, International Journal of Game Theory, Applied Mathematics Letters, Journal of Public Economic Theory, Mathematical Social Sciences, International Game Theory Review

Editorial board

Applied Mathematics Research Express (Oxford University Press)

Supervised PhD students

Willemien Kets (2008); first placement Santa Fe Institute, USA.

Elias Tsakas (2008); first placement Maastricht University, the Netherlands.

Gökhan Buturak (2011); first placement Yasar University, Turkey.

Uuganbaatar Ninjbat (2012); first placement National University of Mongolia.

Henrik Petri (ongoing).
